INDEMNITY: To the fullest extent of the law, the Permittee shall defend, indemnify and hold the County harmless against and from any and all claims, suits, losses, damages and liability for damages, including attorneys fees and other costs of defense brought for or on account of injuries to or death of any person, including but not limited to, workers and the public, or on account of injuries to or death of County employees, or damage to property, or any economic consequential or special damages which are claimed or which shall in any way arise out of or be connected with Permittee's work, operations or performance hereunder, regardless of the existence or degree of fault or negligence on the part of the County, the Permittee, the Contractor, subcontractors or employee of any of these, except the active, or sole, negligence of the County, its officers and employees, where expressly prescribed by statute.

The duty to indemnify and hold harmless the County specifically includes the duties to defend set forth in Section 2778 of the Civil Code. The insurance obligations of the Permittee, and/or Contractor are separate, independent obligations under the Permit, and the provision of this defense and indemnity are not intended to modify nor should they be construed as modifying or in any way limiting, the insurance obligations set forth in the Permit documents.

GENERAL INSURANCE REQUIREMENTS:

The Permittee shall provide proof of a policy of insurance satisfactory to El Dorado County and documentation evidencing that the Permittee maintains insurance that meets the following requirements:

- 1. Full Workers' Compensation and Employers' Liability Insurance covering all employees of the Permittee as required by law in the State of California.

This insurance can consist of a minimum One Million Dollars (\$1,000,000.00) primary layer of CGL and the balance as an excess/umbrella layer, but only if the County is provided with written confirmation that the excess/umbrella layer "follows the form" of the CGL policy.
